

TIMBERLINE®

LIFETIME HIGH DEFINITION® SHINGLES

Quality You Can Trust... From North America's Largest Roofing Manufacturer!™

"Protect your home with North America's #1-selling shingle!"

Visit www.gaf.com

Color shown:
Weathered Wood

“There’s nothing quite like a genuine **Timberline[®] High Definition[®]** roof!”

Your roof can represent **40% or more** of your home’s “curb appeal.” Improve its resale value with Timberline[®] High Definition[®] Shingles from GAF.

Timberline[®] Shingles with Advanced Protection[®] Technology are the **#1-selling shingles** in all of North America. Professional installers have long preferred the rugged, dependable performance that only a Timberline[®] roof can offer.

What's the secret to the striking look of a Timberline® High Definition® roof?

Timberline® High Definition® Shingles are unlike any others, thanks to our patented High Definition® shadow bands (U.S. Patent No. 5,666,776). Each shadow band is applied using a sophisticated, computer-controlled "feathering" technique. When combined with our randomly blended top layer, it results in a shingle with exceptional depth and dimension—and a **striking look unmatched by any other brand.**

But don't just take our word for it. See for yourself. When you compare Timberline® High Definition® Shingles to typical architectural shingles, it's easy to see why they'll look sharper and more beautiful on your roof—while enhancing the resale value of your home.

See the difference...

Timberline® High Definition® Shingles

Another Major Brand

The color blends on Timberline® High Definition® Shingles (top) are sharp and well defined—to give your roof maximum dimensionality and depth.

But great performance is only half the story. Choosing Timberline® Shingles will not only protect your most valuable asset — they'll beautify your home for years to come. In fact, an independent research firm surveyed homeowners about the brand of architectural shingles they preferred. The result: more homeowners preferred the look of Timberline® Shingles to the other leading brands! So why settle for anything less than a genuine Timberline® roof?

TIMBERLINE[®] ULTRAHD[™]

LIFETIME HIGH DEFINITION[®] SHINGLES (formerly called Timberline[®] Prestige[®] Lifetime)

For just pennies-a-day more, you can enjoy our **thickest, most ultra-dimensional Timberline[®] Shingle** (and increase your resale value, too!)

Timberline[®] Ultra HD[™] Shingles will cost you just pennies-a-day more than standard architectural shingles. In return, you can enjoy the thickest, most ultra-dimensional wood shake look for your roof.

Thanks to layers that are up to 53% thicker than standard architectural shingles*, combined with our patented High Definition[®] blends, Timberline[®] Ultra HD[™] Shingles offer a natural beauty and incredible thickness that you'll notice and appreciate. *(Not to mention how much they'll increase the resale value of your home!)*

Extra-thick layers make Timberline[®] Ultra HD[™] Shingles up to 53% thicker than standard architectural shingles—for a natural dimensional beauty that you'll notice and appreciate.*

*Note: Comparison refers to Timberline[®] HD[™] Shingles. Thickness varies by plant; see actual shingles for comparison.

Timbertex® and Ridglass® Premium Ridge Cap Shingles

Important Warning:

Timbertex® and Ridglass® Ridge Cap Shingles are designed to complement the color of your Timberline® Shingles. But some contractors cut costs by using the tabs from a 20-year or 25-year 3-tab shingle as your ridge cap. To ensure the closest color consistency for your roof, ask your contractor to use genuine Timbertex® Ridge Cap Shingles (or Ridglass®, in the West)!

- **Complements Timberline® Colors...** Designed to complement the color of your Timberline® Shingles
- **Superior Protection For Hips & Ridges...** Multi-layer design protects the most vulnerable areas of your roof
- **Perfect Finishing Touch...** Exceptionally thick designs with massive 8" exposure are 2-3 times thicker (versus using cut-up 3-tab shingles) for a distinctive, upscale look
- **Stays In Place...** Dura Grip™ Self-seal Adhesive seals each piece tightly and reduces the risk of blow-off
- **Peace Of Mind...** Up to a Lifetime Ltd. warranty when installed on Lifetime Shingle roofs†

†See GAF Shingle & Accessory Ltd. Warranty for complete coverage and restrictions. The word "Lifetime" means as long as the original individual owner of a single family detached residence (or the second owner in certain circumstances) owns the property where the shingles and accessories are installed. For owners/structures not meeting above criteria, Lifetime coverage is not applicable. Lifetime Ltd. warranty on accessories requires the use of at least 3 qualifying GAF accessories and the use of Lifetime Shingles.

Timbertex® is available nationwide (check color availability with the nearest GAF sales office).
Ridglass® is available in the West only.

⁵ Periodically tested by independent and internal labs to ensure compliance with ASTM D3462 at time of manufacture.

⁶ Applies to some plants.

TIMBERLINE®
COOLSERIES
 ENERGY-SAVING SHINGLES

Now get potential energy and cost savings when you install GAF Timberline® Cool Series Shingles.

Thanks to modern reflective technology, you can join the green revolution with Cool Series Roofing Shingles. Our highly reflective shingles can help to reduce temperatures in your attic, so your home will stay cooler in the summer—and help to save on air conditioning costs.

Simply put, our Cool Series Shingles use specially-designed roofing granules that have greater reflectance than traditional shingles. The result is reduced transfer of heat to the space below—to keep you cooler in the summer.

Cool roofs may save residents an average 7-15%¹ of total cooling costs, depending on geography, structure, and climate. In warmer climates, cooling cost savings may be greater year round. In some areas, cool roofs qualify for energy tax credits and other incentives, saving you even more money.²

TIMBERLINE® COOL SERIES REFLECTANCE & EMITTANCE DATA

Color	Initial Solar Reflectance	Thermal Emittance	Solar Reflectance Index (SRI)	LEEDS Credits
Cool Antique Slate	0.27	0.92	29	YES
Cool Barkwood	0.27	0.92	29	YES
Cool Weathered Wood	0.26	0.92	28	NO

¹ According to Cool Roof Rating Council.

² Contact your utility, governmental unit, or tax advisor for more information.

Note: This product is ENERGY STAR® qualified in the U.S. only and listed with the Cool Roof Rating Council (CRRCC). When installed properly, this product will help to reduce energy costs. Actual savings will vary based on geographic location and individual building characteristics. For more information, contact GAF Technical Services at 1-800-ROOF-411, visit www.gaf.com, or call 1-888-STAR-YES.

"North America's #1-Selling Shingles Are Now **Cool!**"

Color shown:
Cool Barkwood

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

It's sooo cool![†]

Thanks to the reflective nature of the Cool Series Shingles, part of the heat radiating from the sun gets reflected, reducing the heat in the attic and heat going into the house. It may translate into substantial savings in air conditioning bills.

[†]Results may vary by geography, season, and property.

To learn about other Green Roofing products, visit "Green Roofing Central" at www.gaf.com.

LIFETIME ROOFING SYSTEM

Now, when you install any GAF Lifetime Shingle, you'll automatically get:

- A Lifetime ltd. warranty on your shingles and all qualifying GAF accessories!†
- Non-prorated coverage for the first 10 years!*

Only From GAF!

www.gaf.com

Lifetime Shingles

GAF offers you many great Lifetime Shingle choices, including **Timberline®** Shingles with Advanced Protection® Technology. They're the #1-selling shingles in North America!

Advanced Protection® Technology results in superior protection for your home, while reducing the use of precious natural resources. That's better for your home—and better for the environment!

To learn more about why Advanced Protection® Shingles are your best choice, visit www.gaf.com/aps.

Roof Deck Protection

Allows moisture to escape from your attic while providing an exceptionally strong layer of protection against wind-driven rain. Also, lays flatter for a better-looking roof.

Leak Barrier

Provides exceptional protection against leaks caused by roof settling and extreme weather. Ideal upgrade at all vulnerable areas (including at the eaves in the North*).

*In the North, building code requires the use of Leak Barrier at the eaves.

Starter Strip Shingles

Saves time, eliminates waste, and reduces the risk of blow-off...and may even help qualify for upgraded wind warranty coverage (see *Shingle & Accessory Ltd. Warranty* for details).

Cobra® Attic Ventilation

Helps remove excess heat and moisture from your attic that can raise your energy bills, cause premature peeling of interior paint and wall-paper, and even affect your health.

Ridge Cap Shingles

Enhances the beauty and value of your home—while guarding against leaks at the hips and ridges.

The GAF Lifetime Roofing System has earned the prestigious Good Housekeeping Seal, which means that Good Housekeeping stands behind the products in this system. (Refer to Good Housekeeping Magazine for its consumer protection policy.)
